

The board-certified plastic surgeons at the UCLA Cosmetic Surgery Center offer patients a wide array of surgical and non-surgical cosmetic treatments in a first-class outpatient setting. Post-operative overnight observation is available to provide additional safety and security to surgical patients.

Cosmetic Surgery

An art ...

Whether you are interested in something as simple as an injectable treatment for wrinkle correction or as complex as a full-body makeover, the surgeons of the UCLA Cosmetic Surgery Center will work with you to develop the ideal treatment plan to enhance your appearance and reflect your inner vitality.

... and a science

The surgeons at the UCLA Cosmetic Surgery Center also serve as faculty at the David Geffen School of Medicine at UCLA, and bring the latest scientific breakthroughs in cosmetic surgery to UCLA patients. They are backed by the resources of UCLA Medical Center, which consistently ranks #1 in the western United States and one of the top five in the nation, according to *U.S. News and World Report's* survey of America's Best Hospitals.
